RVM Recognized for “Top Guns” Ranking by Informa Investment Solutions

One Year Performance Continues to Lead Large Cap Equity Universe

San Antonio, TX - August 8, 2009. Robinson Value Management's Market Opportunity Composite was recognized by Informa Investment Solutions (IIS) as “Top Guns” in the 2-star category under IIS' Plan Sponsor Network (PSN) database. The 2-star category is derived from performance for the latest full year. RVM was among ten managers recognized for the one-year period ending June 30, 2009 in the Large Cap Universe (4th of over 600 firms and over 1500 products). This was RVM's 8th “Top Guns” since the firm was founded in 1997.

“We are very pleased with the performance of the Market Opportunity product during this difficult time in the markets,” said Charles Robinson, CFA, Chief Investment Officer. “Being loss-averse equity managers, it has been gratifying to see our approach perform well during the last year - one of the worst on record.”

About Robinson Value Management (RVM)

RVM is an independent investment management firm, not affiliated with any parent organization. Founded in 1997, RVM is registered with the SEC and serves both individual and institutional clients. The name was changed to Robinson Value Management, Ltd. from Robinson & Wilkes, Ltd. on December 31, 2008.

The Market Opportunity Composite is described as all fee-paying, fully discretionary accounts participating in market timing through long and short positions in exchange traded funds, primarily Standard & Poor's Depositary Receipts (SPDR's), including the use of margin to establish short and leveraged long positions. Leverage is employed to obtain net exposures that range from as low as 40% short to as much as 140% long. Short positions and leveraged long positions involve considerable risk and are not suitable for many investors. Prior to 2005Q4, this composite was the Market Timing Equity Composite, a name change only. Prior to 2007Q2, this composite was the Market Opportunity with Margin Composite, a name change only. Past performance cannot guarantee comparable future results.

RVM claims compliance with the Global Investment Performance Standards (GIPS®). RVM has been verified for the periods December 31, 1997 through June 30, 2009 by Dabney Investment Consulting Associates, Inc. A copy of the verification report is available upon request.

About Informa Investment Solutions (IIS)

For 30 years, IIS has served both institutional and retail investment professionals, providing customized systems and outstanding services for use in their own client relationships. Their Plan Sponsor Network (PSN) investment manager database is one of the largest and longest running of its kind in the industry.

The PSN universes were created using the information collected through the PSN investment manager questionnaire and use only gross of fee returns. The use of net of fee returns may have changed the rankings. PSN information is intended for use by qualified investment professionals.
